

LUX LEGACY

CANISTER HOME CARE SYSTEM

Clean Carpet Equals Clean Air

Experts state that poor indoor air quality can cause the development of chronic respiratory issues. Pollutants, including pollen, dust mites and animal dander, promote poor indoor air quality. If vacuumed regularly, clean carpet can actually be more beneficial to air quality than other surfaces. Depend upon the power of the Lux Legacy by Aerus to rid your home of these pollutants.

Cleaner Air

Airborne contaminants are captured by a high efficiency, electrostatic afterfilter to improve the indoor air quality.

Powerful Cleaning

Cyclonic suction prevents clogs to maintain peak airflow, necessary for powerful cleaning.

Automatic Protection

If an object becomes tangled in the power nozzle brush, the circuit breaker will automatically shut off and prevent damage. The motor automatically shuts down if it overheats.

Easy Clean Up

The Legacy's vacuum filter bag, exclusively designed for Aerus, is self-sealing so that no captured dirt or dust can escape.

Performance Indication

An electronic display on the canister keeps you on top of performance particulars, including a full bag. Automatically guards against operation without a bag.

Filter Bag Performance

Ultra filtration vacuum bags provide four times better filtration than previous 4-ply designs. Tests show 94% efficiency at capturing particles as small as 0.3 micron.

No Worries

Ownership of the Lux Legacy is worry free with a 10-year limited warranty.

Ease of Use with L-Shape Design

The power nozzle self-adjusts its height between different types of carpet and the unique, low profile L-shape provides 4-sided cleaning around table and chair legs. Also equipped with a headlight.

Versatility

A control dial, conveniently located on the canister, adjusts for the type of cleaning required, whether fine dust, large particles or regular vacuuming.

Control

A switch on the handle turns off the brush roll for use on hard surface flooring.

Convenient

Accessories are stored on board the canister for quick access and an automatic cord winder makes storage easy.

WORRY FREE
10-year limited warranty

Also includes extra, easy-to-install genuine Aerus Home Solutions filter bags!

LUX® LEGACY

CANISTER HOME CARE SYSTEM

SPECIFICATIONS

electrical rating	11.5 amps at 120 volts AC 60 HZ
air watts (motor)	439
